

Angel of Hope

Richard Paul Evans' book, *The Christmas Box*, is a story of a woman who mourns the loss of her child at the base of an Angel monument. As a result of this story, the Angel Monument was introduced to the public and is now known world wide as The Christmas Box Angel. Although Evans' book is mostly fiction, the Angel Monument once existed in Salt Lake City but it is speculated that a flood destroyed the original statue. Evans commissioned a new Angel statue in response to reports that grieving parents were actually seeking out the Angel as a place to mourn and heal. This statue has provided comfort and solace to thousands of parents since 1995.

Nancy and Culver White, bereaved parents, approached Hansen Mortuaries about donating land to give the Angel a permanent home in Phoenix. Noted architect, Bob Bacon and his wife Sally, also bereaved parents, donated a site plan. Our Angel of Hope is now in place at Hansen Desert Hills Mortuary and Memorial Park, 6500 E. Bell Rd. This project is being funded by donations. These are opportunities for donors to receive recognition on a wall as well as a plaque for their loved one. Those contributions of \$150.00 will have their

loved ones' name inscribed on a plaque to be located at the site. All contributions are tax deductible. For questions, and inquiries, please call 480-991-5800.
